Wedding Vows For Nancy Nehls

Nancy and Eugene Whitworth

Newlyweds Nancy Kay and Richard Eugene Whitworth, received their friends and relations at a champagne buffet reception, held in the Albany Veterans' Memorial Building, following their recent wedding ceremony at the Northbrae Community Church in Berkeley.

The bride, the former Nancy Nehls, is the daughter of Mr. and Mrs. Robert Nehls of Albany. For the ceremony she wore a Renaissance style gown of bridal candlelight velvet, designed and hand-sewn by her mother. She also wore a fingertip veil and carried a cascade of white carnations, pink roses and stephanotis.

Carol Ball of Albany was maid of honor. Bridal attendants included: the bride's sisters, Terri Nehls of Albany, and Linda Nehls of Sacramento, and Pam Granger of Berkeley.

Flower girl was the groom's cousin, Debbie Sendle of Merced; while another cousin of the groom's, Vanessa Sendle, joined the bride's brother, Chris, in dispensing the rice.

The groom, son of Mr. and Mrs. C. Richard Whitworth of Richmond, chose his brother, Michael, for his best man. Serving as ushers were: Gary Ferguson of Richmond; Steven Eggert, San Francisco; and Bob Nehls of Lafayette, the bride's brother.

Out-of-town relatives attending included: the bride's uncle and aunt, Mr. and Mrs. Patrick J. Kean of Bryon, Illinois, and

another aunt of the bride, Mrs. Kay Kean of Austin, Texas.

Relatives attending from neighboring cities were: the bride's grandmother, Mrs. Mary E. Nehls of El Cerrito, and the groom's grandparents, Mr. and Mrs. H. G. Watkins and Mr. and Mrs. F. L. Wagner, all from Richmond.

Following a wedding trip to Southern California, the young couple are making their first home in Richmond, where the groom is employed.

Note of Thanks

I would like to thank the Albany Police and Fire Dept. for their quick response and courtesy, when they took my husband to the hospital.

I would also like to thank Dr. Robert McMahon for his kindness. Albany is indeed fortunate to have such services.

Sincerely,
MRS. V. MILLETTE

March Is Red Cross Month

March is Red Cross Month — and the Red Cross is making its annual nationwide appeal for new members and funds.

The event has special significance in the Bay Area this year, because it was here, 75 years ago, that citizens organized the first Red Cross Societies in the West—soon to be joined by others throughout the state.

From yesterday's Spanish-American War days, to today's rapidly changing society, the Red Cross has played a humanitarian role, constantly adopting their services to meet new problems . . . to minister to the needs of servicemen, veterans and their families, serving victims of disasters nationwide, and helping to provide other essential services in countless areas of community life.

So just remember, through your membership and voluntary contributions to the Red Cross, you are helping neighbors in ways unthought of 75 years ago, when the agency was first organized. Today's Red Cross is, indeed, a "good neighbor," extending vital help to neighbors across the street, across the country, and around the world.

You are urged to join the Red Cross this month. Contribute as generously as you can, and if possible, volunteer your services.

See Air Force Flight Display

The U.S. Air Force "Thrill of Flight" van will be on display at the El Cerrito Plaza Sunday, Mar. 18, to give boys and girls alike the sensation of flight in a modern jet aircraft — without ever leaving the ground.

Through the use of modern audio-visual techniques, exhibit participants will take part in a 5-minute simulated flight, showing highlights of a typical 6 to 8 hour Air Force training mission.

Beginning with engine start, the exhibit visitor will have a USAF pilot's eye-view of taxiing, takeoff and climb to altitude, low and high altitude maneuvers, final landing approach and touchdown.

Air Force personnel will be on hand during the exhibit display hours, from noon to 5 p.m., on Sunday, to answer questions.

For Pilots — Past, Present and Future

Beginning March 26, Aviation Ground School for Pilots, a course designed to cover the facts, concepts and skills essential to aviation, will be offered by the Albany Adult School—part of the Albany Public School System.

Subjects to be studied in the course include: the airplane, airplane systems, meteorology, Federal Aviation regulations, and radio navigation.

The class will be conducted by FAA licensed flight instructor, John F. Raliff, and will serve not only as preparation for the FAA Airmen examination, but also as an excellent refresher study for local pilots, as well as an insight into the wonders of aviation for the curious.

The class will be open to all who are interested in a registration fee of \$6, and also includes registration for any other class offered as part of the Albany Adult School curriculum.

Classes will be held Monday and Wednesday evenings, from 7 to 9 p.m., starting Monday, Mar. 26, at Albany High School, 603 Key Route Blvd.

Come learn to "Fly the Friendly Skies"—yourself.

You can no longer take for granted what you've always taken for granted.

Touch a switch and the electricity goes on. You do it every day without even thinking about it because electricity is always there. And we want to keep it that way.

There have been no brownouts or blackouts here because PG&E has built new electric facilities on schedule as needed. And there's plenty of electricity here today and plenty in construction or planned to meet growing public needs and consumer demand through 1979.

But if our construction program is slowed down unduly or stopped, there definitely could be brownouts or blackouts here. We build ahead to prevent such problems. And we must continue building, because nowadays it takes about 10 years to acquire a suitable site, obtain regulatory approvals, construct and get a major power

plant "on the line."

Some claim growth and progress are at an end or should be, and that therefore more electric power capacity is not necessary.

The fact is that power demands are going to continue to increase. And PG&E must meet these demands reliably and on time or

there will be power shortages. We are doing our job now and are ready, willing and able to keep on doing it. Moreover, qualified, competent and responsible public agencies assure that in doing so we serve the best public interests, including environmental and ecological considerations.

To keep your electricity on tomorrow, we must build today. **PG&E**

John Hritz, former Albany Fireman, and retired Albany Police Sergeant, Jim McSheehy, who also presented Mrs. McSheehy with life membership cards in the State Firemen's Association Auxiliaries and the Albany Ladies Auxiliary. Members of the Albany Fire Dept. had purchased Dick's card, while the ladies of the local Auxiliary had bought the two Helen received.

The retiring Capt. also received a life membership in the Alameda County Association of Firemen, presented by Capt. Gene Mumford of the Castro Valley Fire Dept.

Monetary gifts from the Albany Municipal Employees Association, represented by Bud Rooney of the Park and Recreation Dept., and from the Albany Fire Dept., represented by Fireman Ken Cochran, added to the presentations, along with plaques from members of the City Council and members of the Albany Fire Dept., and a resolution from the Pension Board.

The dinner gift, which climaxed the long presentation, was brought in by Mrs. Nancy Ramos of the Albany City Finance Office. Nancy walked up to Capt. McSheehy wearing an Irish green windbreaker and golf cap, carrying a complete set of new golf clubs, which were presented to the retiring Fire Capt. as a gift from all those who were present and others who had donated to wards the retirement gift.

A very important part of the program was a slide presentation of "This Is Your Life, Richard McSheehy," with drawings prepared by Fire Chief Browne and depicting many hilarious events in the life of an Albany Fireman.

MARY AND ARTURO SBRAGIA, long-time Albany residents, look at their wedding picture, which was taken 65 years ago in Oakland, where the couple made their first home.
—Larimer Photo.

Family Honors Couple On 65th Anniversary

Mary and Arturo Sbragia, who have lived in Albany since October, 1916, were honored recently on the occasion of their 65th wedding anniversary.

The former Mary Oberto, now 81, a native of Norway, Michigan, and Arturo, now 87, who came to this country from Guamo, Italy, Province of Lucca, met and were married in Oakland, where they made their first home. The wedding took place Feb. 9, 1908, in old St. Mary's Church, which still stands on Jefferson, between Seventh and Eighth Streets.

Arturo was a captain on the tugboats in San Francisco Bay for 52 years, and retired in April, 1957, at the age of 72. The couple's two sons, Adolph and Augustine, also Albany residents, both work on tugboats, and Mary's brother, John Oberto of Walnut Creek, is a retired tugboat employee.

Fifty-four relatives and close friends attended the anniversary champagne reception and dinner, hosted by their sons and daughters-in-law, where the honored couple cut their wedding cake in the traditional manner, sharing the first slice. It was the first time the whole family had been

Students To Be Alberito Guests

William Woolworth, Speakers' Committee chairman for the Albany Chapter of the American Field Service, will introduce Marianne Boege and Marco Meniketti to members of Alberito Business and Professional Women's Club, when they meet Tuesday, Mar. 20, at Serb's Restaurant.

Marianne, a native of Bremerhaven, Germany, is living in Albany and attending Albany High School this year, as an AFS student. She will give Alberito members an interesting comparison of school and family life in Germany with that of Albany.

Marco, a 1972 Albany High School graduate, spent last summer living with a family in Lebanon. He will tell a fascinating story of life in Lebanon, and show some remarkable pictures of ancient and historic cities and architecture.

Chairman Irene MacWilliams will be assisted by Lois Brant and Doris Blumberg.

A social hour will be held at 6:30 p.m., followed by dinner at 7. President Edith Cammarata will preside.

Employment Survey Of the Local Scene

During the week of March 19-23, sample households in this area will be taking part in the regular U.S. Bureau of the Census' monthly survey on employment and unemployment in the area.

In addition to the usual questions on current employment, this month's survey will also ask about work experience and income last year of household members, their origin or descent, and whether they have moved since the April, 1970, census was taken.

Information supplied by individuals participating in the survey is confidential, and results are used only to compile statistical totals.

The monthly survey is conducted for the U.S. Dept. of Labor, and provides a running gauge of conditions in the labor force—a prime factor in determining the economic health of the Nation.

It has been necessary to change the program of the Creative Retirement Class on Wednesday, Mar. 14. Julie Schieffelt and Karen Gale Fru of University of California are not able to give demonstrations at that time on "Meal Planning for One or Two." They will host this program later. In their place, Mr. Wezelman will speak on the subject of "Travel Opportunities." Leo Vuosalo's World Affairs Class follows in the afternoon as usual.

There will be no adult education classes on Wednesday, Mar. 21, but Beulah Bell will show color slides on that day at 1 p.m. of her trip to Southeast Asia. Beulah had a very interesting trip and brought back many outstanding color slides. You are invited to come in and relive the trip with her.

An interesting program is being planned to be given at our Center by The Diet Workshop, if enough people are interested in learning how to lose some of those extra pounds, and regain a slender figure. These lectures would be held once a week for 10 weeks, and the people attending would be given menus and a cookbook. Cost of the course would be \$13.00 to members of the Senior Center, and \$23.00 for non-members.

Pre-registration is necessary for these lectures, which we

Booklet Out

After long winter the spring kite flying season is here again with both its fun and potential danger.

Pacific Gas and Electric Company and the comic character Pink Panther have some kite flying hints, and eight easy-to-follow safety rules for kite fliers, young and old. They are contained in the "Pink Panther Kite Fun Book," now being distributed to elementary school children in PG&E's Northern and Central California service area.

The kite fun booklets are available at any PG&E office and are free for the asking. The comic book provides kite making directions and things for young kite fliers to do while waiting for good clear days with gentle breezes to take kites aloft.

Safety rules for kite fliers, which parents should go over with their children, include:

1. Fly your kite away from power lines.
2. Always use dry string, never wire or anything metallic.
3. Always use wood and paper in kites, never metal or wire.
4. Don't fly your kite in the rain.
5. Don't cross streets or highways when kite flying.
6. Always fly your kite away from television or radio antennas.
7. Always call your power company if your kite gets snagged in a power line. Don't pull the string or climb power poles to get the kite down.
8. Always keep away from fallen wires.

Special Unit For Nervous Disorders

A new 23-bed neurosciences unit, for patients suffering central nervous system disorders, has opened at Mount Zion Hospital and Medical Center, in San Francisco.

The new unit, unusual outside a university hospital, integrates all the services of the neurosciences disciplines in a single unit, which has been especially equipped and staffed for neurological, neurosurgical and neuropsychiatric care.

Any patient with a nervous system oriented problem, such as stroke, brain tumor, aneurism head or spinal injuries, will be admitted to the unit at his physician's request.

Prevent Pets, Don't Destroy

"Pets & Pals," an S.P.C.A. organization in operation since 1947, has many and varied services to offer the public, including "Planned Parenthood for Pets."

Because fewer people are now buying homes, and more are moving into apartments with no arrangements for pets, Pets & Pals feels it is far better to prevent them than to destroy them.

Arrangements have been made, by the organization, for various veterinarians in the Bay Area, to spay and alter pets for half-price for those unable to pay more.

Pets & Pals also has a list of many dogs and cats who need homes. If you are one of the fortunate ones who could give a good home to a pet, please call 339-2788 and receive information on how to adopt a pet. Interested persons may also write to Pets & Pals, P.O. Box 13053, Station E, Oakland, for complete details.

Information On Charge Accounts

If you made payments on your revolving account which were not credited, or have the cost of items charged to your revolving account which you did not purchase, or have any other questions concerning your account, you should take the following action:

First, send a written inquiry to the agency to which you normally make payments. The letter of inquiry must be sent by certified mail, with a return receipt requested.

Secondly, keep in mind that the company must respond to your inquiry within 60 days from the date on which your inquiry was mailed. If the company does not respond within this time, you do not have to pay interest or finance charges during the period of time from which your inquiry was mailed until the response is received, according to State Attorney General Evelle J. Younger.

The Mail Bag

Editor, the Times:

The Albany Band Boosters would like to express deep appreciation to all the people of Albany for their continued "Fish Fry" support. As promised last year, we had plenty of food for everyone and there was no waiting in line for service.

We'd also like to express our gratitude to the merchants who, by donations or by service, made our Fish Fry possible. We are deeply indebted to Lucy and Arnold Williams of Westbrae Bakery, Gloria and Ed Goldberg of the Pantry Shelf, Don Chelemados of Chelemados Market, Lew Howell of Park and Shop Markets, John McDonald of McDonalds Restaurant, Mr. Eis of Golden Jersey Dairy, and Mr. Connors of Safeway Stores.

Our grateful thanks also to Mrs. Jennie Nemiela, Albany schools cafeteria supervisor, for managing three (!) kitchens so efficiently. Our transition was difficult, but extremely successful due to the innumerable volunteers who helped.

To those of you who couldn't make it this time, we'll see you next year!

Sincerely,
Andy and Lynn Heffernon

Cheese Saving Idea

Cheese that will not be used in a reasonable amount of time can be frozen and kept for several months, according to the Dairy Council of California. This may affect the texture of the cheese, but it will not affect the flavor.

Low-moisture cheeses, like cheddar, Swiss, Edam and Gouda, freeze better than cheese high in moisture, such as cottage or processed.

To freeze cheese, cut in one-half pound pieces, wrap with moisture-proof paper or foil, and freeze quickly at zero degrees or colder. When ready for use, thaw slowly in the refrigerator for 30 minutes prior to serving time.

Cheese is best served at room temperature.
